Advertisers Who KNOW

That which makes any advertiser's approval worth while is the prominence he has attained in his particular line of work.

The *advertisers in the Directory* are competent judges on the subject of advertising mediums — the fact that they approve of *Directory advertising* is evidenced by their continued patronage.

STOP OR GO!

Red means Stop—Green means Go. Your ad in the Directory is the Green signal to Go—and the results will be a Green light all along the way.

United States Post Office

SPRINGFIELD, MASS.

ZIP CODE INFORMATION

ZIP Code is a five-digit code which identifies a delivery unit and associates that unit with a major post office through which mail is routed for delivery.

The first digit identifies one of ten large areas of the nation. The first three digits identify a major city or major distribution point. The five digits identify an individual post office, a zone of a city, or other delivery unit.

This directory has been published to assist you in determining the ZIP Code applicable to various streets in one city. The addition of the ZIP Code to the address on mail will expedite the distribution and forwarding of your mail to the point of delivery.

Contact your local postmaster for instructions concerning the adding of ZIP Code numbers to your mailing list without charge.

In this directory, the three digits appearing at the top of each column should precede the two digits listed opposite the street entries. Where no house numbers are shown, the entire street is within the area of the ZIP Code indicated.

When the word "Out" appears after a number, it signifies that particular house number and any higher number on that particular street is within the ZIP Code area indicated. For example:

	ZIP Code
Washington Ave	401
1100 - Out	03

indicates all house numbers on Washington Avenue from 1100 upward apply to ZIP Code 40103.

Mail formerly addressed using a Postal Zone number should now use a ZIP Code. For example:

Mr. John Doe
2103 Washington Avenue
Louisville 3, Ky.

Should be addressed:

Mr. John Doe
2103 Washington Avenue
Louisville, Ky. 40103

Your cooperation in using the ZIP Code is appreciated. For further information, call your postmaster.

POST OFFICE BOXES

Box No	Station	Location	Zip Code 011
1-2671	General Post Office	436 Dwight	01
	GPO Firm Case	436 Dwight	02

SPRINGFIELD NUMERICAL DIRECTORY

EXPLANATORY NOTES

The streets are arranged alphabetically with their descriptions, each description followed by a numerical arrangement of householders, places of business and street intersections. (Arranged by rotation where no numbers have been assigned.)

The abbreviation r between the street number and the name signifies "rear."

The word "vacant" after a number signifies that the house, office or store at that number was vacant when the canvass was made.

"Right odd" after street description indicates odd numbers on right side of street.

The symbol ◎ following a householder's name indicates that information has been secured during the canvass that the house is owned by some member of the family, but as the publishers cannot and do not guarantee the correctness of the information furnished, nor the complete absence of mistakes, no responsibility for errors can be or is assumed, nor can the publishers furnish further information than that shown.
